

EVANSVILLE AUTO PARTS
Evansville, Vanderburgh County, IN
Revised December 27, 1999

Site Location and Description

This site is located at 5 Riverside Drive.

Zip Code: 47735

Site Uses and Past Activities

None specified.

Contaminants and Impacts

The contaminant of concern on this property was lead. Assessments on this property found that lead levels in the groundwater were above nonresidential levels established by IDEM in the Voluntary Remediation Program (VRP). Additionally, the investigations concluded that there are no potential exposure pathways and that the groundwater contamination identified at the site presents no current threat to human health or the environment.

Lead Agency

IDEM.

Community Concerns

None specified.

Actions Taken

After reviewing data from soil and groundwater investigations, IDEM issued a Site Status Letter in June 1999 for this site. The letter addressed liability issues and should assist the City of Evansville with responsible brownfields redevelopment.

Current Status

IDEM does not plan to take any further action at the property unless and until the conditions at the property should change or IDEM later discovers the reports were inaccurate concerning the potential contamination at the property. The City of Evansville and other stakeholders should proceed with redevelopment.

Future Actions

No further IDEM actions are planned at this time.

Cost Estimates

Site Status Letters are provided at no cost to the recipient.
